Nomination

CT 21 - 1 - 200 S I

- Terminal: P(Pin), L(Lead Wires)
- Material of Core: S => Silicon Core
- Turns: Digit Shown *10(N_p:N_s:1:2000)
- The Size of Referred CT21-1
- The Shape of Referred CT21
- The Current Transformer

Test Circuit

Products other than above items, Is can be made according to customer's requirements.
